

6<sup>th</sup> May 2021

Dear Parent, Guardian or Carer

**RE: Year 8 Options Day**

Hewens College will be holding its annual Year 8 Options Day on Tuesday 11<sup>th</sup> May, 2021. The day will involve all Year 8 students participating in a range of activities that will assist them in making an informed decision about their GCSE options subjects. Students will partake in a Careers Fair in college giving them an insight into the professions they can aspire to, will engage in team building activities and learn how their choices now might impact their futures.

All Year 8 students and their parents, guardians or carers are invited to attend our virtual presentation of options subjects available to students at Hewens College. Each subject area will offer all the pertinent information you need to support your child in making an informed decision about their future.

The presentation will go live at 6:00pm at <https://trhat.co.uk/virtualoptionsks4-hc/>. Along with the course on offer, the application process will also be explained. There will be a dedicated Options page on the College website, offering additional guidance and support for both students and their parents, guardians and carers. Please may I request you submit the online form with your desired choices by Friday 14<sup>th</sup> May.

I look forward to you all joining us virtually on Tuesday 11<sup>th</sup> May.

Yours faithfully

Mr Stephen Waldron  
Principal
