### Achievement Assemblies

On the last week of the term all year groups attended their end of term Achievement Assemblies. The assemblies celebrated the achievements of all students who had demonstrated fantastic progress through their behaviour, attendance and Alliance points. We would like to congratulate all high achievers and hope that they continue to strive for the same excellence next term.

### Cycling To And From College

Cycling to college, is a very enjoyable and healthy means of transport for students. However, please ensure that the following guidance is taken into consideration when allowing your child to cycle to college

- Students must be competent cyclists and be fully aware of the rules for safe cycling on the road
- Students must show due care and attention and must cycle in a manner that is not dangerous to themselves, pedestrians or other road users
- The bicycle must be maintained in a roadworthy and safe condition
- Students must wear a cycle helmet
- Students must wear fluorescent or reflective clothing
- The bicycle must be equipped with adequate lighting, especially during the winter months or at other times when required
- The bicycle must be wheeled once on the College campus and not ridden so as to reduce the risk of an accident

Once at college students must secure the bicycle with a chain and/or lock in the cycle bay only. The College cannot accept responsibility for theft of bicycles or parts from bicycles, for damage to, or accidents arising from use of bicycles, or for non-compliance with laws relating to bicycles.

### Bedrock Learning

We have invested in a wonderful online programme called Bedrock. This is an online programme where your child can access both non-fiction and fiction texts to improve their reading skills and learn new vocabulary that will enhance the way they read, speak and write across all of their subjects. As your child progresses through the Bedrock curriculum, they will study hundreds of new words. Research has shown that there is a direct link between a student's vocabulary size and their academic achievement. Children with a wider vocabulary make faster progress at school, in further education and beyond. Narrow vocabularies affect directly students' grades. The Bedrock core curriculum is accessed by every year 7 and 8 student during their weekly English lesson. Parents, guardians and carers of Year 7 and 8 will shortly be receiving a letter with their child's log in details. For extra information visit the Bedrock website:
