World of Business at KPMG

Year 10 students recently enjoyed an incredible learning experience at the global professional services firm KPMG, thanks to Talent Founder.

Supported by KPMG employee mentors, students tackled a real-world business challenge, exploring how emerging technologies such as artificial intelligence can transform business operations. The session provided a valuable opportunity to develop skills in creative problem-solving, teamwork, and communication.

Students also toured the KPMG offices and connected with professionals from a range of backgrounds, gaining firsthand insight into the diverse career pathways available in the corporate and professional services sector.

We extend our sincere thanks to the KPMG team for inspiring and guiding our future leaders, and a special thank you to Ms Edwards for organising this enriching experience.

Children's Commissioner – A Guide For Parents On Managing Children's Digital Lives

We would like to inform parents, guardians and carers about a new guide published by the Children's Commissioner for England, "What I Wish My Parents or Carers Knew: A Guide for Parents on Managing Children's Digital Lives."

The guide explores the challenges young people face growing up in a digital world and offers practical advice to help families navigate children's everyday online habits.

Developed with direct input from children and young people across England, it highlights their desire for firm, informed boundaries around smartphone and internet use, as well as the importance of parents staying engaged and protective when they are concerned about what their child may be viewing online.

With schools across the country reporting increasing worries about online safety, this guide aims to support parents, guardians and carers and schools in working together to keep children safe. We encourage all families to read the guide which can be found on our website:
