Year 11 Prom 2026 – A Night to Remember

Students from across The Rosedale Hewens Academy Trust came together to celebrate the end of their Year 11 journey at this year's unforgettable Prom.

The evening was a wonderful opportunity for students to reflect on the friendships they have built, the challenges they have overcome and the many achievements they have celebrated throughout their time at the Trust. Dressed in elegant gowns and smart suits, students arrived in style and enjoyed an evening filled with music, dancing and laughter. The atmosphere was one of celebration, with the dance floor full from start to finish as students created lasting memories with their friends and teachers. It was a fitting way to mark the end of an important chapter before embarking on exciting new opportunities. We are incredibly proud of everything this cohort has accomplished and look forward to seeing the successes they will undoubtedly achieve in the future. Our sincere thanks go to everyone who contributed to making the evening such a memorable occasion. We wish the Class of 2026 every success as they begin the next stage of their journey—their story is only just beginning.

Values Day – Learning Beyond the Classroom

As part of Values Day at Hewens College, students embraced the opportunity to take their learning beyond the classroom through two engaging educational visits that celebrated teamwork, independence and the importance of connecting with the world around them. Students from HA visited Crossrail Place Roof Garden and Jubilee Place in Canary Wharf. They explored one of London's hidden gems—a stunning rooftop garden filled with exotic plants and surrounded by impressive modern architecture. The visit encouraged students to appreciate the contrast between the bustling city and its peaceful green spaces while providing opportunities for exploration, reflection and shared experiences with their peers.

Meanwhile, students from TP began their day by working together to prepare a homemade breakfast before planning their journey to Black Park. Surrounded by beautiful woodland and open green spaces, students enjoyed a day of fresh air, friendship and outdoor learning. The trip promoted independence, teamwork and an appreciation of the natural environment, while creating lasting memories beyond the classroom.

Both visits demonstrated the value of experiential learning, showing that some of the most meaningful lessons take place outside the school gates. From discovering hidden gardens in the heart of London to exploring the tranquillity of Black Park, students developed confidence, strengthened friendships and embraced the core values of collaboration, respect and personal growth. Values Day was a wonderful reminder that learning can happen anywhere, and that shared experiences help build the skills, resilience and relationships that support students both in and beyond school.

Do Something This Holiday & HAF Programme - Summer 2026

There are plenty of exciting opportunities available for children and young people this holiday through both the Do Something This Holiday initiative and the Holiday Activities and Food (HAF) Programme.

Whether your child is interested in sports, creative activities, workshops, outdoor adventures or making new friends, a wide range of activities are on offer throughout the holiday period. The HAF Programme also provides eligible children with access to enriching activities and healthy meals. We encourage families to explore the opportunities available and take advantage of the fantastic programmes taking place across the local area.

For more information, including activity details, eligibility criteria and booking information, please visit our website: <https://www.therosedalehewensacademytrust.co.uk/do-something-this-holiday-and-haf-programme-2026>

Personal Safety Awareness on Public Transport and Workshops - Notice From Hillingdon Police

As part of our commitment to keeping students safe, we would like to draw parents, guardians and carers attention to important guidance recently shared by the Metropolitan Police regarding personal safety when travelling on public transport. Hillingdon Police are encouraging families to discuss personal safety with young people, particularly during the summer period when students may be travelling more independently. Alongside this important safety message, the Metropolitan Police are also offering free online workshops for parents, guardians and carers this summer, covering topics including child criminal exploitation, grooming, serious youth violence and knife crime awareness. These sessions provide practical advice on recognising risks, understanding warning signs and accessing support. For full details of the public transport safety guidance and to find out more about the upcoming parent workshops, please visit our website:
