

## Cross-Curricular Learning in Food Technology

Year 8 students have been embedding Mathematics into their Food Technology lessons by working out Mathematical questions to get the correct measurements in grams.

Working in pairs, they collaborated to use the key skills they had developed over the term for both subjects. This involved measuring ingredients to the correct level of proportions and the appropriate ratios in order for them to produce their dish to the required standard and to avoid derailing the preparation. To their amazement, the students acknowledged how crucial Mathematics is in food preparation as well as the other cross-curricular links there are, and how these are incorporated into the food industry.

Their next journey will involve aspects of Geography and History to enable them to understand the important role culture and tradition play in our everyday choices.

## Are you Interested in Being a Parent Governor in One of Our Schools?

The Academy Board is the regulatory authority of The Trust and as such is responsible for setting the strategic direction, at a corporate level, across the group of schools within The Trust. Each school has a Local Advisory Board (LAB) which is responsible for advising and assisting the leadership of the School with the standards of high quality teaching; reviewing and reporting on the curriculum offered with reference to national and local requirements; monitoring and reviewing the progress of students in terms of academic achievements, attendance, punctuality and behaviour benchmarked against national and local performance; actively promoting the work of each school within the community; responding to external feedback from national and local bodies to continuously improve the offering of the School and wider Academy Trust.

The LAB consists of community (co-opted) members, parents, guardians, carers and staff. The skills set, expertise and commitment of each individual are fundamental, as the LAB is critical to the work of our schools and overall governance arrangements of The Trust. The College is eager to appoint two dynamic individuals as Parent Governors to support the College community in serving the entire student body to the best of its ability. If this opportunity interests you, please contact Sue Neave, Admin Officer, by email at [trhat@trhat.org](mailto:trhat@trhat.org) or contact the main college reception where a member of staff will advise you of the procedure to follow to apply for the post. Thank you and we look forward to hearing from you!

## Public Examinations - Summer 2022

We have updated our Public Examinations information on our college website, which gives information about the summer 2022 examinations for Year 11 and Year 13 students.

There are also some useful links for students and parents, guardians and carers about revision tips, study skills and managing examination stress.

Please visit <https://www.hewenscollege.co.uk/114/public-examinations> for access to these resources. Year 11 have been learning about revision techniques and have been given a revision techniques booklet to help them plan their own revision timetable.

## The Vaccination Programme in Schools

As you are aware, the roll out of the coronavirus (COVID-19) vaccination programme has been extended to all 12 to 15 year olds.

The vaccination programme will be facilitated with NHS staff attending Hewens College on Wednesday 20th October to administer the vaccination to each student who has returned their signed consent form.

Please visit <https://www.hewenscollege.co.uk/129/coronavirus-advice-and-guidance> for access to a range of leaflets and Frequently Asked Questions (FAQs) to enable you to make an informed decision about your child's vaccination.

Please also read the letter that was distributed in September <https://bit.ly/2XJ6QBG>.

## Traffic Congestion outside the College

The necessity for staggered starts at the beginning of the day, along with the two other schools that share the road, means that we have to be extra vigilant about traffic and safety outside the College.

Please can we reiterate that no cars are to be parked on the double yellow lines, up on the pavement or on the 'keep clear' areas. Cars should also avoid making U-turns on Hewens Road, as this is leading to congestion in both directions during peak times.

We appreciate that these are exceptional times and that many students are not using public transport, and we kindly ask those who must come by car and are unable to walk, to be dropped off at the designated time with no waiting. Complaints have been made, thus, we anticipate that Traffic Enforcement Officers may be deployed. It is essential that we continue to work together in order to keep our community safe. Thank you for your continued support and cooperation.

 <h1>October 2021</h1>	
October	
Monday 4th to Friday 29th	Work Experience
Wednesday 20th	Covid Vaccination
Monday 25th to Friday 29th	Half Term

		<b>Week Commencing: Monday 18th October</b> <b>MENU 4</b>
<b>MONDAY</b>

## Work Experience

Hewens College, in conjunction with Educational Development Trust have been able to secure thirty placements for work experience during October for our Year 10 students. Students will be experiencing a working environment in various industries like accounting, childcare, personal care and retail. This experience allows the students to learn new skills and apply their transferable skills from the College to the world of work.
